

## Interest Profiler

Jabrail Ahmed

B2

3/5/14

My most top category Enterprising was my top category and my score was a score of eleven and what many of the people with enterprising have interests with working with activates that have to do with starting and carrying out projects, especially businesses. They are group leaders and making decisions and they also prefer action over thought.

My second was Realistic and being realistic is saying they you think of things in the real world many people that are realistic are interested in hands-on activates and they solve problems and find solutions. They like being with animals and plants and real world materials and they mainly do things that involve a lot of paper work and love many outdoors adventures.

My third top category was Artistic and many people think that Artistic is when people can do a good painting or a very good drawing and Artistic people work with the Artistic side of things and what they work with design and make patterns. They like criticize their own work and they do things where you do not have rules.

My forth highest was Social and people with work activities that assist other and promote learning and personal development many socialist prefer to communicate more than to work with objects like machines or data. They like to teach, give advice and have helping service to people.

My fifth highest Investigative and they have interest such as working with ideas and thinking more with physical activity they like to search for facts and figure out problems mentally rather than to persuade or lead people.

My last one was Conventional and what they have interests in work within activities like they follow procedures and routines. They prefer working with data and detail more with ideas they prefer working in there are precise standards and they do not like to judge themselves what so ever they also love to work in the lines of authority that are clear.
